If you've been a nudist for long, you've probably heard that argument as to why public nudity should be illegal. Comments like 'I don't want to see naked people walking around in public' or 'It's offensive to see naked people in public'. I've always thought, what a ridiculous reason to enact laws, but it happens.

Then today I came across this video and just had to share it with you because it's perfect and applies to our lifestyle so well.

Feel free to share this video and blog post with your nudist, and NON nudist friends.

Take care,  
Guy & Carla Purcella
