Dear YNA members, supporters and followers,

It is with heavy hearts that we announce our decision to close Young Naturists America by the end of this year.

We originally started this organization about 7 years ago with a few goals in mind – to bring about social change, to bring naturist values back into the modern nudist movement and to introduce more young adults to naturism.

And we did succeed in this through our grassroots outreach, hundreds of published articles, online social groups, gatherings and events, media coverage, Radio / TV appearances and more.

Naked on the runway for our appearance in a Project Runway All Stars 2016 episode

Our events brought together hundreds of people from all over the USA (and a few from overseas as well) who were looking for an acceptance-based community of people like them. Every single event we ever did brought people that had never tried social nudism before, many of whom had a life-altering transformational experience. These events and gatherings also resulted in many new friendships being formed and even a few marriages! We ourselves met so many beautiful people over the course of running this organization.
