## you might like

watching a movie with a straight romance feels exactly like when you cant skip an ad on youtube

i love how many ppl are tagging this post "or ANY romance tbh" like no i was specifically referring to heterosexual romance because i hate the straights make no mistake about it

my femme girlfriend: [hour and a half later] ok I'm ready to leave the house

me: [throwing on shorts and a tank top] okay baby i love you and you look so pretty

My overdressed butch ass: [hour and a half later] ok I'm ready to leave the house

My femme girlfriend: [throwing on a sundress and head scarf] okay baby I love you and you look so handsome

Me: [after spending 6 hours on my hair and makeup] Babe I'm ready to head out now

My femme wife: [who has also taken 6 hours] Okay babe I love you I'm ready and your highlight is poppin severely but you need to blend that contour in a little bit

Me: [fixing her eyebrows] I love you

my overdressed butch ass: [hour and a half later] ok love im ready to leave the house

my equally overdressed femme girlfriend: [also hour and a half later] okay baby i love you we're both so pretty

Me: [10 minutes and a tank top later] ok babe let's go

My equally lazy butch girlfriend: [also 10 minutes and a tank top later] I love you honey but we gotta stop taking each other's tank tops

why does this make me smile

I can't feel anything.  
I just feel empty.

My friend told me that I should be feeling a certain way, but I just don't. I feel like I'm missing something, but I don't know what it is. I just feel empty.
